WHO IS KELLY RENO VELAYO

Kelly Reno Velayo is the dynamic Founder & Mentor of Spartan Setters Academy, where he transformed himself from a DM setter into a high-converting phone closer, booking over 1,000 calls and driving \$982,000+ in revenue. His approach is guided by a “Spartan Mentality” defined by courage, commitment, and consistency.

As CEO & Founder of Valtoro Spartan Trading, Kelly leads a cutting-edge, AI powered MEV trading platform that empowers users with automated, secure, and transparent on-chain trading strategies.

SPARTAN SETTERS ACADEMY

Spartan Setters Academy is a premier training and mentorship hub founded by Kelly Reno Velayo, dedicated to transforming ordinary individuals into high performing appointment setters and closers.

With a strong foundation in his “TRIPLE C” courage, commitment, and consistency —what Kelly calls the “Spartan Mentality”—the academy provides students with practical, results-driven strategies that have already proven successful in the real world. Kelly himself transitioned from being a DM Setter to a Phone Closer, booking over 1,000 qualified calls and generating more than \$982,000 USD in revenue.

WHO IS RAY PANG SH

Ray Pang SH is the Founder of Global Freedom Initiative and Global Executive Officer of Valtoro. Over 5+ years in the knowledge & coaching industry, he's built, grown, and scaled multiple million-dollar ventures and mentored 21,000+ students all over the world through transformational curricula.

Through Global Freedom Initiative, Ray advances access to value-based, future-skills education across India, the Philippines, Indonesia, and South Africa, mobilising partners, community leaders and government organisations to deliver programs that elevate opportunity, dignity, and self-leadership.

For Ray, freedom is not a personal milestone; it's a shared societal mandate, uniting entrepreneurship, embodiment, and financial sovereign systems to create change that lasts.

GLOBAL FREEDOM INITIATIVE

Global Freedom Initiative, led by Ray Pang SH, is a pioneering EdTech and education consultancy committed to elevating learning from scripted instruction to purposeful, collaborative experiences that honor each child's autonomy and potential.

Since its inception in September 2022 in Singapore, the Initiative has partnered with schools and educators worldwide to drive curriculum reform, teacher development, and community engagement that center emotional intelligence, conscious entrepreneurship, and self-leadership.

Ray, a seasoned business alchemist and mentor, champions a world where freedom—not just for some, but for all—is the foundation of education and legacy.

VALTORO

VALTORO MEVBOT

The Valtoro MEV Bot is a sophisticated, on-chain automation engine developed under the Valtoro Spartan Trading umbrella. It's engineered to harness Maximal Extractable Value (MEV) strategies

VALTORO TOKEN

The VALTORO Token is the utility backbone of the Valtoro Spartan Trading ecosystem—an automated, blockchain-based trading platform powered by MEV (Miner Extractable Value) and algorithmic bots. It seamlessly integrates functionality with community-driven incentives, providing users with powerful tools and opportunities on-chain

VALTORO SNIPER

The Valtoro Sniper Bot has the same mechanisms like the MEV bot. But instead of focusing on traders, it focuses on new tokens released on the market with liquidity. It profits 2-3% per attack. All buyback earnings (10%) in valtoro sniper will be funded on Valtoro token
